

Admissions Policy

General

This document is prepared and issued by EVA Flight Training Academy (hereinafter “EVA FTA”) to assist applicants to understand the courses and procedures of its pilot training programs. It will be the standard and official guidance for both parties, hereby the Applicant/Student and EVA Flight Training Academy, from the application to the completion/termination of training program.

Launched in 2013, EVA Flight Training Academy is located at Mather Airport, where surrounded by all-year California sunshine as well as various flying destinations, including Sacramento, the capitol of California. Not only that Mather Airport already provided a full set of navigational aids, EVA FTA is continuously constructing hangar, student dormitory and café in its 9.6-acre campus, all aimed at providing the most pleasant training experiences to its students.

As a FAA-certificated Part 141 Flight School, EVA FTA uses brand new DA20/DA40/DA42 airplanes, equipped with G1000 avionics system, to achieve the highest training quality and flight safety. With its professional and experienced instructors and maintenance staff, students are allowed to enjoy their training as undistracted, safe, and inspirational as it can be. Students who complete the program and pass the FAA Airman Knowledge Test and Pilot Practical Test will obtain a training certificate and applicable FAA Pilot License, which will help, but not guarantee, them to become eligible for job opportunities in the airline industry.
